Worship Guide

Before: Gather your family to pray for our services and your own hearts to worship and be receptive to the word of God, either at home or on your way to church.

Digging Deeper: Read 1 Peter 5:1-4. What are some things you can look for in a "developer" who can help you in your progress of sanctification?

During: If you're joining us online, at the start of the service, say hi to us in the live comments and let us know who's watching with you! Follow along with the message. If you're with others, consider writing the points on a whiteboard and filling them out together during the sermon.
